## FROM THE EDITOR

February? It's true. The older you get the faster the years, or in this case, the months go.

We just got past New year and now Chinese New Year. Presidential Elections next month. This is going to be a busy year.

Our newest website, [www.easttimor-timorleste.com](http://www.easttimor-timorleste.com) continues to grow. It is the biggest Timor Leste accommodation site, listing, to the best of our knowledge, every accommodation provider in Dili. Now in stage two of it's development, we are populating it with all Dili's goods and services providers. It is our intention and we believe it will eventually be the main Dili instrument for sourcing whatever you want or need.

A true one-stop-shop.

On the subject of websites, our main original site [www.guideposttimor.com](http://www.guideposttimor.com) also displays most of the other site listings, as well as daily news and of course the current magazine.

Still on the subject of websites, do you know Guide Post also creates and hosts websites. You can have your own custom made website for as little as \$300.

We keep asking for suggestions of who we can improve Guide Post but we rarely received any. So please, any 'positive' suggestions, email to the address at right up the top of the black info block to the right of this column.

Till next time.

*Cheers.*

*Leith Carroll*
