### Graduation Ceremony at the National Hospital

*(Graduation Ceremony for the Health Manager Program. 19th Dec 2017)*  
 St John of God Social Outreach's International Health service is empowering nurse managers and other health leaders at the national hospital in Dili through its Health Manager Program (HMP).

The program was established to address leadership and management capability among nurses and other leaders at the Hospital Nacional Guido Valadares' (HNGV) in Dili. The HMP provides participants with the knowledge and skills needed to best lead teams, as well as enable them to undertake quality improvement processes to create positive changes in practice across hospital units. "Ultimately the program aims to improve patient care by empowering managers with the skills and tools they need to best manage their units. We've seen first-hand that the HMP has been significant in advancing care at the hospital – it's becoming part of the service culture," said a representative. The program is supported by the HNGV, National Health Institute (INS) and has received funding from ConocoPhillips. *Text provided by St John of God.*

### Another Farewell

Joannah & Michael

After three years, Michael and Joannah are leaving our shores to return to Canberra. They had a great stay and made lots of friends who were at their beach side farewell party. Safe travelling and we will 'see ya later.'

**Tetun & Indonesian Courses!**  
**Starting from \$125**  
 (Incl. Student course book)
